

Maryam Fahim

AI Full-Stack Developer

Burewala, Punjab, Pakistan | github.com/MaryamFahim-0786 | linkedin.com/in/maryam-fahim-9b2111339 | [WhatsApp](#)

PROFILE

Computer Science undergraduate who builds LLM-powered applications: RAG chatbots, tool-calling agents and AI dashboards, using Python (FastAPI, Flask), LangChain, LangGraph, vector databases and React / Next.js front ends. Currently in the 7th semester; completed an 8-week internship at Falcon Swift.

EXPERIENCE

Intern - Falcon Swift 8 weeks (completed)

- Completed an 8-week internship and received an internship certificate.

EDUCATION

BS Computer Science - COMSATS University Islamabad, Vehari Campus 2023 - 2028
FSc Pre-Engineering - Government Graduate College, Burewala 2021 - 2023
Matric - Allied School Canal Campus, Burewala 2019 - 2021
Currently in the 7th semester.

SELECTED PROJECTS

- Meridian - Gemini Chatbot** - Next.js, FastAPI, LangChain, pgvector. Per-user document RAG, persistent memory, agent tools (web search, calculator) and JWT authentication.
- AI Weather Platform** - FastAPI, LangGraph, Groq, Open-Meteo, Next.js. AI agent that detects the requested city and answers from live weather data; interactive map and 7-day forecast.
- Crypto AI Assistant** - Flask, LangChain, CoinGecko, Next.js, Electron. Live dashboard with an agent that has price, compare and trend tools; packaged as a desktop app.
- Maryam's News** - FastAPI, Gemini, NewsAPI, React (Vite). Live headlines with one-click AI summaries and an AI briefing chat panel.
- Simple RAG Chatbot / RAG Chatbot** - Upload-and-chat RAG with pgvector (Gemini) and a modular LangChain + ChromaDB pipeline with cited sources.
- Bank, Library and Car Rental Systems** - Python, SQLite, Tkinter/CLI. PBKDF2 hashing, validation, atomic transactions, role-based access, CSV reports and tests.

SKILLS

AI & LLM	LangChain, LangGraph, RAG, tool-calling agents, Gemini, OpenAI, Groq
Languages	Python, JavaScript, TypeScript, Java, C++ (basics), SQL
Web & Backend	FastAPI, Flask, React, Next.js, Node.js, REST APIs, Tailwind CSS
Databases	PostgreSQL (pgvector), ChromaDB, SQLite, MongoDB, MySQL
Tools	Git, GitHub, Docker, Postman, Figma, VS Code

CERTIFICATIONS & LANGUAGES

- Internship Certificate - Falcon Swift (8 weeks)
- Participation Certificate - CodeAlpha
- Languages: English, Urdu
